The theme of this year's national event is:
“Skills for Success, Ready for the Future”

From March 3rd to March 7th, we will celebrate a teacher and school at each level (elementary, middle, and high) with the highest completion rates for the core Wayfinder lessons. You can expect to feel showered with attention and goodies from our team. We will use the admin usage dashboard in Wayfinder to determine our winners, so please make sure you continue to mark your lessons complete.

Here are the instructions, in case you want to check that you are doing it correctly.

Thanks for supporting children's academics, mental health, and well-being!
