

ONLINE VIDEO CONFERENCE RULES

Tamarack K-5

1. **BE SAFE** – Be supportive of others, use kind words, and have expected behaviors like you would in the classroom

2. **BE AWARE** – Let everyone have a chance to talk, turn off your mic when you are not speaking, and pay attention to the group topic

3. **BE FLEXIBLE** – Technology can be frustrating, and this is hard for all of us! Remember that tech issues are little deals.

4. **BE EXCELLENT** – Try your best and be a positive role model for everyone in the group!
