

Greetings,

We are excited to partner with you to provide pedestrian and bike safety events and education for the 2026-2027 school year. Please review the following information and let us know if you have any questions.

Bike and Pedestrian Safety Education Options: 2026 - 2027 School Year	
SRTS Safety Assembly/Presentation 3 - 10 minutes	A FUN walking/bike safety overview presented during an assembly introducing the main components of the SRTS safety education program. We can join an existing assembly or create an assembly specific to Safe Routes to School. Potential topics: - Helmet safety and fitting - Proper attire - Rules of the road: bicycle viewpoint - Pedestrian safety: how to be a safe pedestrian - Fix a flat (only possible with smaller group sizes) NEED: Dates, times, theme
Transit Education Two 45 minute sessions Spring 2027 offering	Curriculum includes general transit knowledge, CET pass registration, route planning tips, and a CET bus field trip (permission slip required). 1-2 sessions to cover all information including bus exploration. NEED: Classroom contacts to discuss time, dates, etc.

Encouragement Event Options: 2026 - 2027 School Year	
Walk + Roll to School Days	Events encouraging students to Walk + Roll to school from their homes or from a designated Park and Walk location. Save the dates! - <u>October 7th</u> - International Walk + Roll to School Day - <u>November 13th</u> - Ruby Bridges Walk + Roll to School Day - <u>February 3th</u> - Winter Walk + Roll to School Day - <u>May 6th</u> - May Walk + Roll to School Day NEED: Communication to staff, students, families. Potential meeting location.
Learn to Ride Event 2 hours	An after-school event to teach students and families how to ride a bicycle. All equipment and instructors provided. NEED: Parking lot space, communication to families and school team.
Bike Night	An after-school event focused on encouraging students to have fun while practicing bicycle skills and safety. We can table at an existing event and/or help support the planning team with organization and contacts. A community wide event for students to practice bike handling skills and ride together. NEED: PTA connection

Community Night	Commute Options can join an existing school community night and provide information about our resources to students and families. NEED: date/time
------------------------	---

Interested in support from Commute Options that is not listed above? Please reach out directly to Julia to connect on different ways Commute Options can support your school.

Volunteers are vital when planning and facilitating bigger events. Please help us spread the word to parents and caregivers as our program dates approach to help assist in a successful event!
